

Carpet Cleaners

You know the face. You know the name. Now add a new (local) carpet cleaning business and you have Camelot Carpet Cleaners.

Cameron (Cam) Ward has cleaned many local carpets in the past 10 years. Maybe even yours. Formerly the manager of Pristine Carpet Cleaners for the past 10 years, Cameron knows carpet cleaning inside and out. And now he's ready to put this knowledge to work for you.

How your carpets and rugs are cleaned is your choice. Have them cleaned in your home or at the shop. Cam will help you decide what is most appropriate for you and your rugs. Pick-up and delivery is always included in the cleaning price, no add-ons or hidden costs.

First you'll receive a free consultation and estimate. Regardless of where you have them cleaned, your carpets or rugs will be vacuumed, pre-tested for fabric content and dye stability and cleaned using the most appropriate methods and equipment. If your cleaning is in-home, the cost will include moving most pieces of furniture. Pricing is based on size and method of cleaning. Cam will help you determine both with a free in-home consultation.

Camelot cleans any size carpet or rug from area to room-size rugs and wall-to-wall carpet. Camelot also does rug repair and sells padding.

Camelot is fully insured and has Master Cleaner Certification. Cameron is also IICRC (Institute of Inspection, Cleaning & Restoration Certification) registered since 2000. Actually the perfect place to find a reputable rug cleaner is to go to www.iicrc.org.

Camelot also offers upholstery cleaning, a must for quality furniture, in this economy. Camelot offers affordable cleaning rates for upholstery; sofas \$80, love seats \$60 and chairs \$30. These prices are lower than quality furniture covers. And the work is done in-home.

Throughout his years of experience, Cameron has always known the importance of quality customer service. Business is about people and he knows that his customers deserve honest information and timely attention. Another plus is doing business with someone local. Cameron lives in Greenfield and is actively involved with local organizations. As he says, "If you're not happy, then I'm not happy." He guarantees his work and prides himself on his excellent customer service. He'll be there at the start of the job, during the job and long after the work is finished. What more could you ask for?

Camelot Carpet Cleaners does residential or commercial work and also offers water damage restoration work for small jobs.

Call Cameron at 413-773-9599 for a free estimate. Visit www.camelotcarpetcleaners.com for more information. Spring is almost here. Be good to your rugs and they'll serve you well for years to come.

It's a lot cleaner with Camelot Cleaners!
